तपसिल

सि न	क) तालिम तर्फ	ख) अध्ययन अनुसन्धान तर्फ
1)	Engineering Design and estimate on forest infrastructure development	1) Forest pest and disease
2)	QGIS/GIS/GPS training	2) Forest Management
3)	Public Procurement	3) Watershed management
4)	Forest based legal procedure	4) Ecological Modelling
5)	Cadastral Survey	5) Climate change impacts
6)	Forest survey and resource assessment (Forest inventory)	6) Agroforestry
7)	Wildlife rescue and management training	7) NTFP/MAP
8)	Google earth engine training for forest and land cover analysis.	8) Market value chain(Timber and NTFP)
9)	Silviculture based forest management training	9) Silviculture based forest management
10)	Stress Management	10) Carbon emission
11)	EIA/IEE	11) Ecotourism and recreation
12)	Forest Certification	12) Forest product utilization and others
13)	GESI	13) Forest based enterprise development
14)	REDD and carbon measurement	14) Forest ecology
15)	Watershed management	15) Plantation forest
16)	Human wildlife conflict management	16) Forest /NTFP resource assement
17)	Administrative and financial management	17) Dendrochronology
18)	Forest fire and encroachment	18) Wildlife conservation and management
19)	Leadership development and good governance	19) Research protocol development
20)	Training for Trainers(TOT)	20) Forest harvesting and logging
21)	Nursery management	21) Tree physiology
22)	NTFP/MAP management	22) Invasive allien species management
23)	Roadside and park greenery management	23) Tree physiology
24)	Low cost soil conservation techniques and design	24) Tree improvement and silviculture
25)	Forest pest and disease	25) Rangeland management
26)	Forest measuring instrument	
27)	Range land management
